

13th Latin American
and Caribbean
Congress of
Immunology
ALACI 22

7th Congress of
Cuban Society for
Immunology

Key Facts

Date: June 6-10 2022

Place: Varadero, Matanzas, Cuba

Venue: Meliá International Varadero

General information

Welcome

The 13th Latin American and Caribbean Congress of Immunology (ALACI22) offers a unique trans-disciplinary platform for basic, translational, and clinical scientists, in particular to those young ones to meet with globally famous key opinion Immunology leaders.

ALACI22 will be also a valuable opportunity for Latin American and Caribbean immunologists to interchange their experiences in the control of the COVID-19 pandemic, where Immunology have been a pivotal science.

ALACI22 is hosted by the Cuban Society for Immunology with his 7th National Congress

Abstract submission:

Email: alaci21abstract@gmail.com

Abstract Guidelines. Deadline: February 28th, 2022

1. The abstract text should be written:

- in English;
- in a single paragraph;
- in a structure format (background, aim, results and conclusions);
- in Time New Roman 12 points font and single spaced;
- with the title in bold and non-capital letters;
- with the affiliation referred in superscript numbers;
- with the presenting author's underlined;
- with the presenter's e-mail; and
- no more than 250 words (excluding title and affiliations).

2. Submission fee (20 €) will be charged, in cash, at the time of Registration upon arrival to hotel venue. If the presenter of a submitted abstract cannot be at the meeting, a delegate can take his/her place but must also pay the submissions fee.

3. Each delegate will be allowed to present just one abstract as 1st author.

4. Abstracts will be submitted only by e-mail to:
alaci21abstract@gmail.com

Scientific Information

ALACI22 offers a unique trans-disciplinary platform for basic, translational and clinical scientists, in particular to those young ones, to meet with globally famous key opinion leaders.

The Congress scientific program is organized around three immunology core themes:

Immunity

**Immunology
and
Diseases**

Interventions

Nobel prizes, IUIS council and EFIS council members and Immunology leaders of Latin America and Caribe will be present.

Session Formats

Keynotes addresses. The 45 minutes-long invited lectures from world-renowned experts in the field kick off the ALACI Congress and set the tone for the Congress by addressing major themes of interest to the society and its members.

Invited Lectures. Invited lectures are sessions that feature 5 in-depth presentations of 20 minutes each. Featuring leading lecturers, these are some of the highlight sessions in the ALACI program that draw together diverse global experts to discuss burning topics in the field of immunology.

Symposia. The 23 Symposia are composed of 8-10 Presentations of 15 minutes each. These include experts who give targeted talks to deepen our understanding of crucial aspects of the basic and applied immunology.

Short Oral Presentations. Presentations of 2 minutes each, followed by one minute of discussion. This sections will permit that most PhD students present their results in plenary activities.

Program at a glance June 6 to 10, 2022

Day	Program at a glance June 6 to 10, 2022													
	Morning				Afternoon				Night
